téliPhone.ca

Subject: Telephone Number Portability

Dear Sir / Madam,

This letter is to inform you that we will soon be transporting your telephone number onto our network, becoming your official telephone service provider.

In order to complete this, we require your authorization. *We therefore ask you to please sign this form below and to return it to us by fax, along with a copy of your existing service provider invoice, to 514-409-2950. You can also send these documents by email at service@teliphone.ca.*

By signing and sending this form, you authorize us to transport your phone number onto our network, thereby becoming a client of Teliphone Inc. Please note that the actual line will be disconnected only when Téliphone service will enter into operation. It is important to keep your line active until the portability is complete. In most cases, you do not have to contact your current service provider when the number is ported to Téliphone. Please note that the change can take 4 to 6 weeks to complete. Incorrect or missing information (actual installation address of your phone number, name on the account…) could delay the porting process.

Thank you for the confidence which you have provided us and please accept our best wishes.

Téliphone Inc.

_____
Name

_____
Telephone Number to be transported

_____
Current installation address of the line (not billing address)

_____
Temporary assigned Teliphone number

_____
City
